Our mission is to increase pet-adoption by maximizing public awareness and bringing together breed-specific rescue groups and shelters with adoptable doggies county-wide, free of charge in a Festival celebrating our furry best friends, and encouraging immediate, responsible pet-adoption.

Our hope is that the general public will have fun while gaining a deeper understanding of the problem of pet homelessness and most importantly encourage involvement through education and action to end pet homelessness collectively as a community/society.

YOUR funding helps us to produce, this annual forum for awareness and to organize more educational events throughout the year. Our organizer/founder is an unpaid volunteer and while we strive to acquire goods and services without charge, this is not always possible. So we need your support. Thank You.
